Hi Ethel;

Thanks for the update.

We do have one cert for qty 2 350A27 1185 00 but there is still missing for qty 1. Could you please check for another shipment that was sent to you?

Thanks,

Dale Trepanier

Subject: RE: Missing Certs

Morning, Dale

Status on missing certs:

350A27 1185 00 – our records show that this was a drop ship from AEC to Dart Aerospace. We would not have rec'd any certs.

350A27 1397 00 – see attached cert

PT06E14 19P – see attached cert

All the rest of the parts, we do not have a copy of the certs. Originals were sent with the parts.

Ryan contacted our rep at AEC and Clay was going to get the certs for the PO's that ordered these parts and fax all to Ryan. Clay asked for a few days to get this done – we expect the paperwork today. Ryan will follow up with Clay at AEC.

Regards,

COMMERCIAL INVOICE

Ethel,
Unfortunately this doesn't help. Perhaps you and Chris can look at the attached and let me know what you need to order.
Thanks,
Bill

Hiya Ethel,

I just spoke with the customer....it's for an AS350B2. I hope this helps.

Let me know how I can be of further assistance. Take care!

This is the order from Executive Helicopters PO 8005788.

Can you answer Bill's question below?

Thanks,

Ethel

Subject: RE: P107

Ethel,

Which option is the PO for? i.e. Option A1, A2, B, C, D, or E?

Please give me as much info as you have on this and I will provide a price ASAP. I am working on pricing for each of the various options.

Thanks,

Bill

Bill,

We need to get this quote as soon as possible so we can issue you a PO. The P107 on this order is scheduled to ship on 8-13-07.

Thanks,

Steve

Hi Linda,
I am getting ready to place a PO with you for the P107. Can you give me the pricing for this or send me to the one who handles this?

Many Thanks,
Ethel

Airworthiness Certification - FAR Part 21.502 - AE LLC has obtained acceptance of the following certification statements through FAA Aircraft Manufacturing Office AIR-200. Effective 5-Feb-1993, documentary evidence is on file at American Eurocopter LLC in compliance with FAR Part 21.502. For items on the packing list annotated by an asterisk, the original regulatory certification documents are enclosed packaged with the individual parts. Retain and file these original documents accordingly. AE LLC certifies that the items and/or material covered by this document have been inspected, tested, and conform to the approved specification thereto, are airworthy and in safe condition for operation.

User / Installer Responsibilities

- Note: 1 It is important to understand that the existence of the document alone does not automatically constitute authority to install the part/component/assembly.
- 2 Where the user/installer works in accordance with the national regulations of an airworthiness authority different from the airworthiness authority specified in block 1 it is essential that the user/installer ensure that his/her airworthiness authority accepts parts/components/assemblies from the airworthiness authority specified in block 1.
- 3 Statements 14 and 19 do not constitute installation certification. In all cases the aircraft maintenance record shall contain an installation certification issued in accordance with the national regulations by the user/installer before the aircraft may be flown.
